EDUCATION

Oregon State University

GPA 4.0

B.S. in Computer Science | Minor in Supply Chain Logistics Management

Expected: Jun. 2029

- **Relevant Coursework:** Intro to Computer Science, Data Structures, Web development, Algorithms, Architecture and Assembly language, Discrete Mathematics. Operating Systems.
- **Technical Skills:** C++ | Javascript | python

WORK EXPERIENCE

Oregon State University

Corvallis, OR

LEAP - Program Specialist

May. 2025 - Present

- Designed 10+ branded marketing materials (Illustrator) including custom "LEAP Frog" assets and event promotions
- Coordinated industry treks to Boeing, Bristol Myers Squibb, and PNNL for 40+ engineering students
- Facilitated leadership workshops and mentor engagement initiatives to enhance student participation

Oregon State University

Corvallis, OR

Supplemental Instructor - Intro to Computer Science & Precalculus

Jan. 2025 - Present

- Led weekly sessions (10 students each) for CS 162 (e-campus) and MTH 112Z (in-person)
- Designed adaptive problem-solving activities (binary search tracing, stack/queue walkthroughs, unit circle practice) based on student skill levels
- Redirected student questions through guided questioning techniques to strengthen independent reasoning

PROJECTS

Hunt the Wumpus - C++ (OOP & Polymorphism)

Aug. 2025

- Engineered 2D grid game (4–30×30) using abstract event hierarchy and runtime polymorphism
- Managed 6+ dynamic event types with proper deep copy (Big Three) and zero memory leaks
- Improved original UI flow to enhance gameplay clarity and input handling

Text Search Engine - Custom Hash Table (Python)

Feb. 2026

- Implemented hash table from scratch with chaining collision resolution
- Indexed 1,000+ words from text input and tracked frequency counts
- Achieved average-case $O(1)$ lookup for keyword search

Dynamic Task Tracker – JavaScript

Feb. 2026

- Developed interactive web interface with 5+ event listeners
- Dynamically rendered and managed 50+ user-generated tasks
- Implemented real-time validation to prevent invalid submissions

ACTIVITIES & LEADERSHIP

Vice President - Pakistan Student Association (PSA OSU)

Sep. 2025 - Present

- Eliminated 100% of outstanding organizational debt within 1 academic term by restructuring budget operations and serving as acting treasurer
- Oversaw allocation of \$5000 in annual event funds, coordinating vendor payments and reimbursements
- Directed 3–5 large-scale cultural events per term, serving 100–250+ attendees per event
- Increased active member participation by 40% through consistent semester programming and structured event planning
